

Bedtime Story For the Little Ones

UNCLE WIGGILY IN A TENT.

"DARLING!" exclaimed Nurse Jane Fussy Wuzzy, the muskrat lady housekeeper, as she came down stairs in the hollow stump bungalow one morning. "I don't see how I am going to get time to do it all today!"

"Do what?" asked Uncle Wiggily Longears, the rabbit gentleman.

"Do all the bungalow housework and go to sewing class over to the house pen of Mrs. Wiggible, the duck lady," answered Nurse Jane.

"You see I am taking lessons in sewing shirts for soldiers, and if I stay here to make the beds, get your meals and—"

"Ha! Say no more," cried Uncle Wiggily, touching the rim of his tall silk hat like a soldier saluting. "You need not make my bed, nor get any meals for me, Nurse Jane!"

"Why not?" the muskrat lady wanted to know.

"Because I am going to practice living in a tent," said the bunny uncle. "There is no telling when the mosquitoes may come back to make war on us and I must get ready to live as a soldier does—in a tent—and get meals for myself."

IT WORKS WELL

A Combination That Is Doing an Immense Amount of Good This Spring.

A superlative blood-purifying medicine like Hood's Sarsaparilla, taken before meals, combined with a superlative iron tonic like Peptonin Pills, taken after meals—makes the ideal course of Spring medicine.

No other medicines possess such curative properties as these two great restoratives working together.

They reach the impure, impoverished, poisoned, debilitated blood, and the worn, run-down, overworked, exhausted system, and give renewed strength to the whole body, produce sound, natural sleep, and a complete restoration to good health—the greatest of all earthly blessings.

It will be wise to get Hood's Sarsaparilla and Peptonin Pills today.

Hair Roots Come Out Before Your Very Eyes

The new way to remove superfluous hair, roots and all—the phalaxine way—is rapidly superseding the old-fashioned electrolytic methods, as well as electricity, cautery and tressers. And no wonder! Here is a product so harmless a child could safely use it, so non-irritating and odorless it is altogether pleasant to use—and the process is so quick, so simple, so sure, that it is the only way you can have your money back without question.

Tonight! Take Dodson's Liver Tone! Better Than Calomel For Liver

Calomel sickens! If bilious, constipated and head-achy read my guarantee.

Listen to me! Take no more sickening, salivating calomel when bilious or constipated. Don't lose a day's work!

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with your bile, crumbles into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out" if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour just take a spoonful of harmless Dodson's Liver Tone.

Here's my guarantee—Go to any drug store and get a 50 cent bottle

City Eye Specialists Tell How To Strengthen Eyesight 50% In a Week's Time In Many Instances

A Free Prescription You Can Have Filled and Use at Home.

Boston, Mass. Victims of eye strain and other eye weaknesses, and those who wear glasses, will be glad to know that Doctors and Eye Specialists now agree there is real hope of help for them. Many whose eyes were failing say they have had their eyes restored and many who wear glasses say they have thrown them away. One man says, after using it: "I was almost blind. Could not see to read at all. Now I can read everything without my glasses, and my eyes do not hurt any more. At night they would pain dreadfully. Now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can read even fine print without glasses." Another who used it says: "I was bothered with eye strain caused by overworked, tired eyes which induced severe headaches. I have worn glasses for several years, both for distance and work, and without them I could not read my own name on an envelope or the typewriting on the machine before me. I can do both now, and have discarded my long distance glasses. I cannot express my joy at what it has done for me." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitude more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses.

Dr. Beck, an eye specialist of nearly twenty years practice, says: "A patient came to me who was suffering from Rheumatic Marginalia with all the concomitant symptoms, as morbid agglutination of the lids, chronic conjunctivitis and epithelias. Her

of Dodson's Liver Tone. Take a spoonful tonight, and if it doesn't straighten you right up and make you feel fine and vigorous by morning, I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it cannot salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste."

eyes when not congested had the dull, suffused expression common to such cases. On being run out of office, a friend suggested Bon-Opto. She used this treatment and not only removed her distressing condition, but strange and amazing improvement seemed to strengthen her eyesight that she was able to dispense with distance glasses and her headache and neuralgia left her. In this instance I should say her eyesight was improved 100 per cent. I have since verified the efficacy of this treatment in a number of cases and have seen the eyesight improve from 25 to 75 per cent in a remarkably short time. I can say it works more quickly than any other remedy I have prescribed for the eyes.

Dr. Smith, an oculist of wide experience, says: "I have treated in private practice a number of serious ophthalmic diseases with Bon-Opto and am able to report ultimate recovery in both acute and chronic cases. Mr. B. came to my office suffering with an infectious eye. The condition was so serious that an operation for encroachment seemed imperative. Before resorting to the operative treatment I prescribed Bon-Opto and in 24 hours the secretion had lessened. Inflammatory symptoms began to subside, and in seven days the eye was cured and retained normal vision. Another case of extreme convergent strabismus (cross eyes) escaped the surgeon's knife by the timely use of your collyrium. The tightened external muscles yielded to the soothing and anodyne effects of Bon-Opto. In all ways until Bon-Opto after removal of foreign bodies and apply it locally to all burns, ulcers and spots on the eyeball or the lids for its therapeutic effect. By cleansing the lids of secretions and acting as a tonic for the eyeball itself the vision is rendered more acute, hence the number of cases of discarded glasses."

Dr. Conner says: "My eyes were in bad condition owing to the severe

POOR CHESTER!

house to hold it down. Oh, if I only had some of Nurse Jane's flatirons, they would be just the thing. But I don't want to awaken her in the middle of the night to get them. What shall I do? Oh dear!"

"What?" the matter, Uncle Wiggily asked a voice above the noise of the howling wind.

"Oh, my tent is blowing away," answered the bunny gentleman, "and I need some stones, or heavy flatirons, to hold it down to the ground. But I can't get any."

"Ha! We will be stones, and hold your tent down for you!" cried the voice.

"Who are you?" asked Uncle Wiggily, sitting on a flap of his tent to stop it blowing up in the air.

"I am the mud turtle lady with my 12 children," was the answer. "We will pretend we are stones and hold down your tent, for we are very heavy. And so they were, and they had no trouble at all in holding down the tent so that Uncle Wiggily could go back to bed in the grass and sleep."

So you see the mud turtles did the bunny a favor after all, and the next day he pegged his tent down good and hard. And if the telephone doesn't pretend it is the front door bell and try to run out and scatter about on the sidewalk, I'll tell you next about Uncle Wiggily on guard.—Copyright, 1917, by McClure Newspaper Syndicate.

TODAY'S DAINTEST DISH

By CONSTANCE CLARKE.

Roast Chicken and Sweet Potatoes.

TRUSS the chicken for roasting, put it in a baking pan and roast gently until tender. The time to cook will depend on the size of the chicken—from one to one and a half hours. While the chicken is roasting prepare the sauce.

Sauce—Peel one onion, scrape one carrot, put these into a saucepan with one cup of milk, add six peppercorns, a blade of mace and one bay leaf; bring to the boil and simmer for ten minutes. Melt two tablespoonsful of butter in a stewpan, stir in the onion and carrot, and add the milk and sauce. Simmer for a half hour, then strain through a cloth.

Sweet Potatoes—Wash and peel potatoes; wipe them and cut in halves. Put time in a baking pan, season to taste with a little salt and pepper and melted butter. Sprinkle over with brown sugar and cook in the oven until browned. Serve on the platter with the chicken.—Tomorrow—Honey Apples.

NEWS NOTES FROM MOVIELAND

By DAISY DEAN.

CHARLES RAY leaped into fame almost over night. Thanks to his work in "The Pinch Hitter," recently released, he is now the most popular screen actor among ardent baseball fans.

Ray's next picture will be "The Millionaire Vagabond." He takes the part of a wealthy idler who pledges himself, as the result of a wager, to live for a certain time among the slum dwellers of a great city on \$5 a week. In carrying out his end of the bargain he is thrown into contact with a strange assortment of human beings and meets with many startling adventures. He is metamorphosed in short order from a handsome groomed product of the leisure class into a half-shaven tramp, but as a result his inherent manliness rises to the surface, and when the big test comes it finds him fully equal to the occasion.

THEDA DREAMS

Theda Bara, according to the Fox press agent, dreamed recently that some woman who has had no participation in the war will make peace possible. "Miss Bara does not attempt to say who the woman will be," continues the press agent, "or what her station. She does not even attempt to explain how peace is to be effected. She is convinced that her dream is prophetic and believes implicitly that woman will be the one to stop the slaughter in Europe." This will no doubt prove very discouraging to Mr. Scheidemann, Mr. Bryan and others.

SHOTS

Too many kisses will spoil any three-reel drama.

In the morning nobody loves a bow-legged man.

What would a movie villain be without a diamond? Several of his colleagues have also used it and are agreed as to its results. In a few days, undisturbed observation, the eyes of an astigmatic case were so improved that glasses have been discarded by the patient.

Eye troubles of many descriptions may be wonderfully benefited by the use of Bon-Opto and if you want to strengthen your eyes go to any drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and let it dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start, and inflammation and redness will quickly disappear. If your eyes bother you even a little it is your duty to take steps to save them now, before it is too late. Many hopelessly blind might have saved their sight if they had cared for their eyes in time.

Note: A city physician to whom the above article was submitted, said: "Yes, Bon-Opto is a remarkable eye remedy. Its constituent ingredients are well known to eye specialists and widely prescribed by them. I have used it successfully in my own practice on patients whose eyes were strained through overwork or night glasses, or who were afflicted in case of weak water, aching, watering, itching, burning eyes, red lids, blurred vision or for eyes inflamed from exposure to smoke, sun, dust or wind. It is one of the very few preparations I feel should be kept on hand for regular use in almost every family." Bon-Opto is a patent medicine or secret remedy, it is an ethical preparation, the formula is printed on the package. The manufacturer guarantees it to strengthen eyesight 50 per cent in one week's time in many instances, or refund the money. It is dispensed by all good druggists in this city, including Kelly & Pollard and all other well known drug stores.—Adv.

HOROSCOPE

Wednesday, May 16, 1917.

THIS is a favorable day, for the sun, Mercury, Saturn and Venus are all in benefic aspect.

It is a most auspicious time for receiving persons of high station and for associating with men who have power, especially in the financial world.

Appointments of every sort have a fortunate direction, when the sun is friendly. There is, however, a sign read as forecasting dissatisfaction over the giving of favors gained by political influence.

Mercury again gives promise of great benefits for publishers and editors. Advertising has the best possible direction.

Potters and all who make vessels for cooking, whether they be of iron, tin or copper, have the assurance of immense profits.

Farmers should make the most of

14 Years Ago Today

From The Herald of this Date, 1903.

A MYSTERIOUS crime was committed this morning, in a rooming house on North Stanton street, which resulted in the death of Mrs. T. M. Fairchild and George P. Peterson, both of whom roomed in the house. Who did the shooting is a mystery, but it is believed one of them fired the first shot.

The river is very high but no danger is anticipated.

A. S. Greig is expected to return to El Paso some time this week.

Miss Virginia Polk will spend the summer in Covington, Tenn., visiting relatives.

T. M. Wingo, cashier of the Lowdon National bank, is out of the city on business.

Mr. E. R. Cyrus of this city, spent Sunday in Fort Worth, visiting friends. She is in San Antonio today.

The Eagles will play a baseball game at Athletic park next Sunday afternoon at 2:30. This is to be a free exhibition game.

Mrs. P. L. Barnett left on the Rock Island for Des Moines, Ia., where she goes to visit relatives. Des Moines was formerly Mrs. Barnett's home.

The Texas Women's Press association is winding up its business, and will be able to adjourn at 5 o'clock, to take a ride over the city. The members will leave tomorrow morning for Fort Worth.

Some time ago it was reported that the Texas bankers would meet in El Paso this fall. Later it was reported that they had decided not to come here but to go to Galveston. On advice from J. M. Wray, of the interior department, the bankers have decided to hold a meeting in El Paso this fall, as it first stated.

this time on and this will affect government officials who deserve praise more than blame.

Persons whose birthdate it is may expect a busy and prosperous year.

Children born on this day should have lives in which they reach the attainment of their best desires. Girls may marry late in life, but they should be happy.—Copyright, 1917, by the McClure Newspaper Syndicate.

LUMBER, ORE AND BEANS

WEEK'S PRINCIPAL IMPORTS

Lumber, ore and beans made up the principal imports from Mexico through the local customs port during the last week. The importers and exporters are:

Eight pieces of silver bullion for August and Volante; one carload of beans for Trumbo, Zoraya, Seegerman; 15 carloads of silver ore for the American Smelting & Refining company; one carload of beans for Tomas Blanco; 25 carloads of lumber for the El Paso Milling company; 124.2 carloads of iron pipe for the El Paso Machine company; one carload of beans for A. B. Almeida.

EL PASO FIRM SUPPLIES

ORE MILL COMES FOR BURMA

El Paso is doing its "bit" to supply manufactured articles to the world. Eighteen cars classified made here for use in continental mills, have just been shipped to the Burma Corporation, Ltd., in British Burma, in Asia, by the Allen Company, 224 West Overland street. The supplies were made by Baumgarten & Wyler's foundry, Sixth and Virginia, and represent several thousand dollars in value.

It goes to paint with Patton's Sun Proof Paints. Lander Lumber Co.—Adv.

Wanted—Second hand bicycles. Allen Arms & Cycle Co., 404 N. Oregon.—Adv.
